Placer County Health & Human Services Environmental Health Services FEE DISCLOSURE

The purpose of this disclosure is for you to be aware, in advance, that your application may result in additional charges.

Environmental Health Services are largely fee dependent and most fees are collected at the time of application. However, there are numerous services provided where a basic minimum fee is collected, then if the basic minimum time covered by that fee is exceeded, an additional charge is made.

It is the policy of Placer County Environmental Health to process applications in an efficient and timely manner. A time accounting and reporting system is in place to track these activities. If an additional amount is required it shall be paid prior to issuance of a permit, approval, or report. An account status is available upon request.

Staff time includes field visits, travel time, consultations in the office or by telephone, report review, and application/permit processing. Time may include research for special/unique situations. If you are not sure of a potential charge, please contact this office for clarification.
